**PREACHING
CONFERENCE**

19-20 MARCH 2025

Preaching.

It can be breath-taking and life-giving.

It can be dull and disconnected.

What makes the difference?

Let's explore this at the SMBC 2025 Preaching Conference: Life-Giving Preaching for All of Life.

We'll deepen and broaden our exegesis of people and culture with expert insights into the ways people experience their lives.

We'll seek out wisdom regarding our spiritual, moral, storied and emotional lives at work, church, and society. Be prepared to move beyond trite, arbitrary or clichéd application.

As well as thinking about our lives, seasoned preachers will help us think about 'life' in Scripture and how to minister God's word so that people experience the reality of its life-giving power.

Our speakers include: Kyle Strobel (online), Sam Chan, Miriam Chan, Jonathan Dykes, Andrew Errington, Max Jeganathan, Kirk Patston, Matt Steele, Kristen Young, and more!

NOTE: For experienced preachers, there is also a preaching masterclass on Friday 21 March on Preaching and Personality (12 spots available).
